School of Public Health Yorkshire & Humber

Public Health Training Programme Recruitment Event for 2022

Thursday 7th October 2021
2pm - 4pm Online

Join us on our second virtual School of Public Health Recruitment open day. You will have the opportunity to learn about the Public Health training programme as well as meet key members of the School of Public Health including our Head of School, Training Programme Directors, Current Registrars and Public Health Consultants.

There will be plenty of opportunities to ask questions about the application process, exams and training.

Our website provides useful information for anyone interested in public health training in Yorkshire and the Humber. The following link gives more details about the school, recruitment, and training, as well as useful links to other information sources:

https://www.yorksandhumberdeanery.nhs.uk/public_health

Please see this key website & view both homepage videos if you are planning to attend the Open Day

The whole school is committed to equality, diversity and inclusion and we have reviewed our approach to this recently. We want to help more people with varied experiences, backgrounds and ideas thrive as future leaders and do our part to tackle the systemic injustices that make it harder for brilliant people to contribute as leaders.
